

How to become CAAM Certified Helideck Inspector?

Application shall be submitted to CAAM HCC to be reviewed by the committee. The inspector shall fulfill the following requirement prior to submission of the application;

- a. Attended Helideck Inspection Awareness Course conducted by CAAM Approved Training Organization;
- b. Conducted six (6) helideck inspections under supervision by any CAAM certified Helideck Inspector. (For experienced helicopter pilot/ex-pilot, a lesser number of inspections may be acceptable). The trainee name shall be inserted in the Helideck Inspection Report (HIR) as proof of the training;
- c. Recommended by a mentor. Mentor shall be a CAAM certified Helideck Inspector. Mentor shall ensure the inspector has in depth knowledge in Helideck Standards and Certification process;
- d. Attended Audit Technique Course and Safety Management System Course (Applicable 1 April 2019);
- e. Possess a good command in English language and;
- f. Beginning 1 June 2019, all new applicants shall possess a minimum of Diploma or equivalent.

To apply, the mentor shall fill up the Helideck Inspector Review Form (CAAM/HIRF001). The HIRF shall be submitted by the company with six (6) HIRs, HIAC Certificate and detailed background of the candidate's education and working experiences (in a resume) to helideck_cert@caam.gov.my. Suitable candidate who meets the requirement shall be called for interview.
